The symposium consists of invited presentations, as well as selected contributed presentations and posters.

This symposium is a world class forum in the area of wafer cleaning, clean processing and related metrology and presents an excellent opportunity to give exposure to your company.

The following pages detail the options for sponsoring UCPSS 2018. This brochure will give you an overview of the possibilities. For specific questions or customized wishes, please do not hesitate to contact Marie-Laure Bettens from the KU Leuven Symposium and Events Office.
