UCPSS 2023

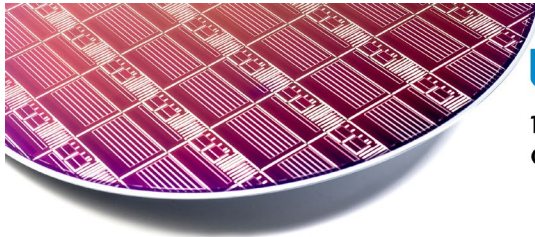

16TH SYMPOSIUM ON ULTRA CLEAN PROCESSING
OF SEMICONDUCTOR SURFACES

Introduction

It is our pleasure to invite you to participate in the **16th International Symposium on Ultra Clean Processing of Semiconductor Surfaces (UCPSS)**, which will be organised in Brugge, Belgium from **12 to 14 September 2023**. The UCPSS proudly celebrates its 30th anniversary (to be more precise 30 years+1-covid-year) since its first edition in September 1992 in Leuven.

The mission of the Symposium on Ultra Clean Processing of Semiconductor Surfaces (UCPSS) is to increase the level of understanding on ultra-clean processing and surface preparation technology in all steps of the fabrication of semiconductor-based devices. The Symposium consists of invited presentations, as well as selected contributing presentations and posters.

This symposium is a world class forum in the area of wafer cleaning, clean processing and related contamination and defect metrology and therefore presents an excellent opportunity to give exposure to your company. The following pages detail the options for sponsoring the UCPSS 2023. For specific questions or customized wishes, please do not hesitate to contact the UCPSS professional conference organiser, Stefaan De Corte from LAUREA.

New: Gold-level

Besides the 2 sponsor levels Major sponsor and Contributing sponsor, available in previous UCPSS editions, on the occasion of our 30th anniversary, we added a new level, Gold, providing even extended exposure for sponsors. As an example, this gold level includes a 10 min time slot for a live oral presentation of your products directly to the plenary audience (as explained below).

General information

The symposium will be held at the Oud St-Jan congress center, in downtown Brugge, Belgium. Updated information will be posted on the website: www.ucpss.org.

The coffee breaks, lunches and poster session will take place in the room “witte roos” with the sponsor booths. This allows for a maximum and informal interaction amongst participants and exhibitors.

Procedure for sponsoring

Should you consider sponsoring the UCPSS2023, contact Stefaan De Corte, Laurea, (ucpss@laurea.be) to obtain the Symposium Sponsor and Exhibitor Terms and Conditions. Sponsorship packages can be booked by completing and returning the enclosed Sponsorship Application Form to the attention of Stefaan De Corte (ucpss@laurea.be) of the UCPSS 2023 Symposium Secretariat.

By signing the Application Form, companies declare their acceptance of the Symposium Sponsor and Exhibitor Terms and Conditions This will serve as an annex to the sponsorship contract.

After receipt of the Application Form:

- Upon receiving the signed Application Form, an invoice will be issued and the invoice needs to be paid within 10 days.
- The purchase order number (if any) that should be mentioned on the invoice, can be included in the Application form.
- Together with the invoice, you will receive a Sponsorship Contract that needs to be signed and send back to us within 10 working days to confirm your sponsorship.
- Your sponsorship is only confirmed when both the full payment and the signed Contract is received.
- The allocation of booth space follows the order of reception of the payment and the signed Contract.
